Charitable registration number: 89405 7132 RR0001
equiterre.org/en
Regarded as the largest environmental group in Quebec, Équiterre has been helping to build since 1993 a social movement by encouraging citizens, organizations and governments to make ecological, sustainable and inclusive choices.

**Équiterre in Your Community**

- **Organic baskets from our family farmers:** 600 drop-off points, 122 farms feeding more than 52,000 people across Quebec. To subscribe: [paniersbio.org](http://paniersbio.org)
- **Rendez-vous branchés:** awareness raising about the benefits of transportation electrification and test drives in major Quebec cities
- **Transportation cocktail:** activities in CÉGEPs, universities and with the general public to encourage active and collective transport as an alternative to solo car use
- **Centre for Sustainable Development:** green building, the first to obtain LEED® PLATINUM NC certification in Québec
- **Healthy, local food in the community:** connecting our local farmers with hospitals, daycares, schools and senior residences
- **Fight against pesticides and climate change:** actions to ban pesticides and to replace oil with renewable and clean sources of energy

**Équiterre Acts, Mobilizes and Influences:**

- Awareness and educational campaigns
- Citizen action (petitions, marches, etc.)
- Public and media events
- Legal actions
- Development and publication of research reports, toolkits and practical guides
- Talks for organizations, schools and the general public

Over 25,000 march in Quebec City for Climate Action - April 11, 2015

Petition to Save the Route verte: 48,000 signatures collected
